

# KARATE

JUNE  
NEWSLETTER

Our KARATE instructors enjoy teaching self-defense to all members of Flaherty's Kenpo Karate Academy.

## Happy Father's Day to our "Karate Dads."

### Testing Matters

Students of most age groups are offered an opportunity at least six-times annually for belt testing. However, students who are not ready will be asked by the instructors to patiently wait for a later test time opportunity. Above all else, please wait for the testing forms to be handed out in class, and get ready for belt testing Friday, the 29th. All advanced testing is scheduled 3 times each year, while

Black Belt testing is conducted annually.

### Karate Dads are great supporters of their children

Our Karate Dads bring excellent leadership to the academy during each training day session. Flaherty's Kenpo Karate Instructors respect Karate Dads highly for their hard work supporting their children, lobby guests, and other parents with their kind words and good thoughts toward the students who are

learning, training, and developing in the martial arts.

Bring a friend for some  
Sizzling Summer Fun !!!

# 2018

Because Flaherty's Kenpo Karate is a year round karate academy, with a focus on children's safety and fun self-defense classes, the instructors suggest our participants consider inviting some friends and other family members to join us. We are always willing to offer great karate classes at the best prices available. *Loads of "SUMMER" fun!!!*
